CONGRATS!

We are so excited that you are considering Julian Farm and Orchard for your special day! Our property provides an amazing scenic landscape with possibilities to experience all four seasons on our sprawling 25-acre farm.

We are located just 3 miles from the historic town of Julian, California and conveniently to the San Diego metropolis.

As a sustainable farm, we take great pride in providing an unforgettable adventure rooted in nature. Weddings may be nestled among majestic oaks, in grassy fields with breathtaking mountain views, or surrounding the agricultural site of your choice. With a small guest-to-farmhand ratio you can be assured of a delightful experience for you and your guests.

We offer several unique ceremony spaces such as 'The Amphitheater', 'The 'Ceremonial Oak Grove', 'The Event Lawn', 'Raspberry Row', and 'Daffodil Delight'. We happily accommodate the smallest DIY groups, as well as facilitate 300+ attendees for luxury events mid-week or weekends.

WHAT WE DO

Our listed prices include our friendly staff to assist guests as well as be your set-up/cleanup team, though their primary focus is on guest safety. Additional hours are available to reserve in advance, as well as the option of adding on our tractor-drawn hayride (a great shuttle for guests from the parking lot area and a fun ride), petting zoo experience, U-Pick berry and seasonal flower crops, and more!

Photo by Jennifer Gutierrez

Available packages include our petting zoo animal interactions, tractor-drawn hayride, U-Pick opportunities and more. Choose from a complete farm experience that includes a private ceremony location or take over the entire farm and do-it-yourself - however you like!

SEASONAL EXPERIENCES

MAY - JULY	
SPRINGTIME	Spring is a beautiful time of year to get married in Julian-- apple and pear blossoms, wildflowers, berry picking... Mother Nature takes care of the decorating!
AUGUST - NOVEMBER	
AUTUMN	Fall in Julian is highly desirable for good reason. Beautiful weather, excellent berry crops, a wide variety of fresh eating (as well as cider) apples and loads of incredible flowers! Our lead farmer chose this time of year to marry his love because of this.
DECEMBER - APRIL	
WINTER	Winter is exceptionally beautiful with the potential for the most breathtaking photos, but it is not for the faint of heart. Sunny days that showcase the daffodils in March, to snowy afternoons that encapsulate everything in stunning icy perfection in late winter.
